Your **Health** Comes First

Putnam General Hospital's Cardiac Rehabilitation program is fun, challenging, personalized and outcome oriented. Designed for individuals who have recently experienced a cardiac event and/or have been discharged from the hospital. We also work with sports related injury recovery.

Our program incorporates education, counseling, and exercise to help you reach your optimal level of well-being and self-sufficiency. It is made to help you reach your goals of combating the progression of cardiac disease, improving resting blood pressure, reducing cholesterol & triglyceride levels, increasing activity levels & duration, and overall improving your well-being.
